OZARK VIEW FLOWER FARM

Route 2

Eureka Springs, Ark.

Dahlias state inspected. All tubers sent out with live sprouts unless ordered too early. Any tuber that does not start to grow in three weeks should be returned for replacement. Last spring, owing to heavy demands for some kinds, I ordered roots from some large wholesale growers, and to my regret found several were not true to name. Any of my customers receiving them please report and I will make it right. Hereafter I shall only send out roots grown myself and will guarantee all true to name. (D) stands for Decorative, (C) for Cactus, (S. C.) for Semi-Cactus, (I. C.) Incurved Cactus, (H. C.) Hybrid Cactus, B for Ball or Show. Figures after each name denote the size the originator claim they grow.

GLADIOLUS

Owing to the severe drouth last year, I lost over three-fourths of my Glads. The bulbs I have are fine. I do not have enough of a kind to list. Write me for any kinds you wish and I will quote low closing out prices. I have about 200 kinds. Or send me any amount you want to spend for them and I will make up a collection which I will guarantee to please you. I have a few of about all the kinds on my last year's list, including several other good kinds.

I have a good many named labelled kinds in small size at 50c per 100. Large size, \$2.00 per 100.

Everything on this list prepaid, state inspected. Sums under \$1.00 remit in unused stamps, 3c ones preferred. Sums \$1.00 and over, I prefer money orders. The bank here charges for cashing checks. Many remit small sums in bills. A letter seldom goes astray, but I am not responsible for letters lost. Don't send coins in letters if you can avoid it. Anyone writing for information, I would be pleased if they would enclose stamp for reply. My postage bill is enormous and I sell many bulbs below wholesale price. But if you don't have a stamp handy, write anyway. I answer all correspondence. I have been in the flower business nearly 40 years. My old home is in Iowa. Send in your orders as early as possible. Some bulbs I have a limited stock. 25% of your order holds it till planting time. Visit my gardens in blooming season. If any reliable grower quotes lower prices on any bulb, I will fill the order at same price.
